

Sprint Review

PROJECT NAME	Dugbet	Sprint	Sprint 2
TEAM	Group 3	DATE	15/11/2023

Member attendance:

- Huynh Huu Phuc
- Tu Canh Minh
- Nguyen Duc Hung
- Hoang Nhu Vinh
- Nguyen Truc Nhu Binh

What went well?	What went wrong?
<ul style="list-style-type: none">o Organize the offline meeting.o Complete the use case modelo Everyone understand clearly the requirements	<ul style="list-style-type: none">o The progress of code tasks is slowo Take a lot of time to figure out and agree with each other about use case model symbols
What problems or caused the problems?	What can be done differently in the next sprint to improve the project?
<ul style="list-style-type: none">o Do not master the knowledge of technical termso The midterm examination slowed down the project's progresso Low progress in model and database design affects the coding task.	<ul style="list-style-type: none">o Each individual spends more time studying the terms, and definitionso Enhance communication between team memberso Speed up in UI prototypeo Rush to complete Database design

What we could learn:

- How to describe the use case specification and user flow
- How to apply an agile framework (RUP + Scrum).
- how to use Jira to manage and see the process of the process.
- how to use Figma to design the pattern UI for the project
