Sprint Planning

1. General information

Sprint no.03

a. Time

- Start date: 16/11/2023
- End date: 30/11/2023

b. Objectives

- Architecture document
- Complete Figma prototype
- Class diagram overview and in term of components
- Complete Database setup
- Front-end implement (screen)
- Back-end implement (screen)

2. Tasks:

- Huynh Huu Phuc
  - Figma prototype
    - Vertical Scroll Transaction (Stat)
    - Collect and Organize wallet illustration
  - Class diagram and description
  - Component:
    - TargetBudget
  - Weekly report
  - Draw gantt chart

- Tu Canh Minh
  - Figma prototype
    - White Icon Button Component
    - Collect and Organize all Icons
  - Class diagram overview
  - Component:
    - User
    - Event
  - Logical view

- Nguyen Duc Hung
  - Draft architecture (1,2,3)
  - Figma prototype
    - Edit Card Component
    - Edit wallets Component
    - Horizontal Scroll Wallet Card (Home)

- Hoang Nhu Vinh
  - Figma prototype
    - Collect and Organize category illustration
  - Component:
    - Wallet
    - Authentication

- Nguyen Truc Nhu Binh
  - Figma prototype
    - Wallet/Card Component
    - Filter Time Component
    - Quick view Component
    - Notification Component
    - Category Component
  - UI design
    - notification page
    - settings page
    - input page
  - Database interface
